## EDUCATION

### Koneru Lakshmaiah Education Foundation

*B.Tech in Computer Science Engineering*

June 2022 - Present

*Vijayawada, Andhra Pradesh*

- Current CGPA: 9.56
- Relevant Coursework: Design Thinking and Innovation, User Experience (UX) Design, Java Full Stack Development with Microservices, Adaptive Software Engineering.

## PROJECTS

### Designed Zudio Application in Figma

- Developed a visually appealing and user-centric interface to enhance engagement and improve overall user experience, utilizing Figma for high-fidelity prototypes and modern design principles.
- Designed interactive loading animations and micro-interactions to enhance user engagement and create a more dynamic and enjoyable experience.
- Check Out the Prototype of Zudio

### Designed and Developed Mayavi Website (University Club)

- Helped in creating an intuitive and visually appealing interface using Figma ensuring a seamless user experience and responsiveness across devices.
- Contributed to the development of the club's website by implementing Tailwind CSS and using a Headless CMS for data retrieval and display in real time, ensuring content updates in seconds and increasing content management efficiency by 40%.
- Check Out the Prototype of Mayavi Website

## TECHNICAL SKILLS

### Programming Languages

HTML5, CSS, JavaScript, Java

### Design skills

User research, Wireframing, Prototyping, Usability testing

### Design Tools

Figma, Adobe XD, Proto.io, Whimsical, UX Pressia

### Soft skills

Empathy, Conflict resolution, Decision making, Time management, Collaboration

### Languages

English(Fluent), Telugu(Native), Hindi(Fluent)

## ACHIEVEMENTS

- Secured a 2 lakh Rupees undergraduate scholarship from the Reliance Foundation, awarded to only 5,000 recipients annually, highlighting exceptional academic achievement.
- Achieved a score of 174 out of 180+ in the LinguaSkill examination for English, demonstrating near perfect proficiency as evaluated by Cambridge University Press & Assessment.

## EXTRA CIRCULAR ACTIVITIES

- As Director of Technology at **Mayavi** (College club), oversaw tech projects and planned events and hackathons for more than 150 students, making sure everything ran smoothly.
- Led sessions for peers to improve their proficiency in Figma and deepen their understanding of core design principles, fostering a collaborative learning environment.
